

Study Plan for ssyllabus

Date	Time	Summary	Description
2025-07-21 (Mon)	10:00 AM - 12:00 PM	Study Human Anatomy & Physiology	Review overview of major organ systems, cellular and tissue organization, and functional relationships.
2025-07-28 (Mon)	10:00 AM - 12:00 PM	Study Human Anatomy & Physiology	Deep dive into cardiovascular, respiratory, gastrointestinal, and musculoskeletal systems. Focus on physiological regulation.
2025-08-04 (Mon)	10:00 AM - 12:00 PM	Study General Pathology & Disease Mechanisms	Review principles of inflammation, necrosis, and cellular injury. Understand basic disease mechanisms.
2025-08-11 (Mon)	10:00 AM - 12:00 PM	Study General Pathology & Disease Mechanisms	Focus on neoplasia, genetic disorders, and disease progression. Review diagnostic criteria.
2025-08-18 (Mon)	10:00 AM - 12:00 PM	Study Medical Microbiology & Immunology	Classification and characteristics of bacteria, viruses, fungi, and parasites.
2025-08-25 (Mon)	10:00 AM - 12:00 PM	Study Medical Microbiology & Immunology	Innate and adaptive immune responses. Host-pathogen interactions and basics of vaccination.
2025-09-01 (Mon)	10:00 AM - 12:00 PM	Review: Human Anatomy & Physiology	Review all materials related to Human Anatomy & Physiology. Prepare for Quiz 1.
2025-09-05 (Fri)	05:00 PM - 05:00 PM	Quiz 1: Human Anatomy & Physiology	Quiz covering Human Anatomy & Physiology materials.
2025-09-08 (Mon)	10:00 AM - 12:00 PM	Review: General Pathology & Disease	Review all materials related to General Pathology & Disease Mechanisms. Prepare for Quiz 2.
2025-09-12 (Fri)	05:00 PM - 05:00 PM	Quiz 2: General Pathology & Disease	Quiz covering General Pathology & Disease Mechanisms materials.

2025-09-15 (Mon)	10:00 AM - 12:00 PM	Review: Medical Microbiology & Immunology	Review all materials related to Medical Microbiology & Immunology. Prepare for Quiz 3.
2025-09-19 (Fri)	05:00 PM - 05:00 PM	Quiz 3: Medical Microbiology & Immunology	Quiz covering Medical Microbiology & Immunology materials.
2025-09-22 (Mon)	10:00 AM - 12:00 PM	Comprehensive Review - Week 1	Review Human Anatomy & Physiology and General Pathology for final test
2025-09-29 (Mon)	10:00 AM - 12:00 PM	Comprehensive Review - Week 2	Review Medical Microbiology & Immunology and previous subjects
2025-10-03 (Fri)	10:00 AM - 12:00 PM	Final Written Test	Final Exam Covering all topics
