

PRACTICE EXAM

Difficulty: MEDIUM

Questions: 10

Software Engineering Exam

Multiple Choice Questions (1 point each)

Instructions: Choose the best answer for each question.

Question 1: According to the first letter, which company does Syed want to intern with in Summer 2026?

- A) Momentum AI
- B) Echolabs
- C) Scotiabank
- D) Toronto MetRobotics

Question 2: What is Syed's email address, as listed in both letters?

- A) syed.kaab.surkhi@gmail.com
- B) syed.surkhi@ryerson.ca
- C) syed.surkhi@torontomu.ca
- D) syed.k.surkhi@torontomu.ca

Question 3: Which of the following is NOT explicitly mentioned as a technology or tool Syed has experience with?

- A) AWS
- B) Docker
- C) PostgreSQL
- D) React

Question 4: In the second letter, what is Syed most interested in helping RippleX with?

- A) Designing desktop GUIs
- B) Scaling and hardening the XRP Ledger
- C) Leading code reviews
- D) Mentoring peers at hackathons

Short Answer Questions (3 points each)

Instructions: Answer each question in 2-3 sentences.

Question 5: Briefly describe Syed's experience at Momentum AI.

Question 6: What Agile practices does Syed mention being comfortable with in the first letter?

Question 7: What key skills did Syed learn while working on the Toronto MetRobotics team?

Problem-Solving Questions (5 points each)

Instructions: Answer each question with detailed analysis and application of the information.

Question 8: Compare and contrast Syed's approach and focus in the first and second letters, considering the different internship roles he is applying for.

Question 9: Based on the information provided in both letters, identify two or three qualities or skills that would make Syed a valuable asset to any software engineering team. Justify your reasoning using evidence from the letters.

Question 10: Imagine you are a hiring manager at RippleX. Based solely on Syed's application, what are two potential concerns or areas you would want to explore further during an interview to assess his suitability for the RippleX internship?
